Last month I was writing about Storms Ciara and Dennis. This month it is a totally different type of storm; one that has the potential to affect significantly the lives of all of us at least for a few months. The Coronavirus, or Covid-19.

Throughout this issue you will see village events up to early May that have already been cancelled and others beyond that are still on but will be constantly under review. The advice at the time of writing is to minimise social contact, particularly for vulnerable people, which consists mainly of those with underlying health conditions and those over 70.

There are plenty of people in Dorchester who fall into one of those groups, or even both, so do not be surprised to find that more events in April are cancelled beyond those already declared here.

Avoiding social contact means staying at home, particularly for the vulnerable groups. Mark Williams, Chairman of the Parish Council asks on page 23 that we look after and watch out for our neighbours, and item on page 22 reminds us that the village website www.dorchesteronthames.co.uk can keep us better informed about what is going in real time, so don’t forget to go there for up to date information.

Most of all, though, stay safe.

In my recent travels to Kenya and South Africa I took a number of journeys – several of them long, exhausting and really rather dull but necessary in order to get there and others (mostly) rather shorter and very much less dull in both of these countries. I’ll mention just two.

On my first afternoon in Kenya as part of a Youth Challenge Oxfordshire group hosted by the NASIO Trust we were invited to take part in an ‘awareness raising demonstration’. Following a local band, waving banners, singing and chanting we left the NASIO Noah’s Ark school and danced and sang our way through the local community. Our slogans ‘Free Malaria Vaccination’ and ‘Stop Gender Violence’. It is extraordinary the audience that a group of (mostly) young Mzungo’s (white skinned people) singing and dancing through a village street can gather – and when we stopped, Jane, the NASIO programme leader, invited parents to bring their children for vaccination but, perhaps more importantly, addressed the gathering on the subject of gender violence – what we would call domestic abuse. Taking part in that demonstration was a journey not just of physical but also mental endurance for most of us who took part.

In South Africa on Ash Wednesday I undertook one of the most extraordinary journeys of my life. It involved being the sole driver of the car in which we mistakenly took a non-made up road for about 50 kilometres across any number of different road surfaces and ended up embedded in sand. By an extraordinary act of grace a young Afrikaaner farmer turned up within half an hour; just after we had cleared the area around the wheels. I had just begun to wonder which items of clothing I would sacrifice to ensure our ‘grip’ when he rescued us by reducing the air pressure in our tyres and driving the car to freedom. The expression on his face when we said how long we had been stranded gave us pause for thought – he was clearly surprised at our brief wait – and, since neither GPS nor mobile signals were appearing on our phones we considered ourselves very fortunate.

At the end of this long drive I was privileged to share in the Ash Wednesday communion at Grobblerhoop – one of the parishes with which we are linked through the Burning Bush project. The journey not just of physical but also mental endurance for most of us who took part.

Coronavirus

Coronavirus: At the time of writing there are no restrictions on public gatherings but clearly any of our events over the next months are subject to alteration. We expect to publicise up to date information on the front page of the Dorchester Abbey website and on A Church Near You pages. Please keep checking. We will also keep the telephone line 01865 340007 monitored and with an up to date message.

We hope that all of us will be able to worship together during Holy Week and Easter. However, new advice from the Church of England is that parishioners should receive communion in one kind - the bread. The priest will celebrate in both kinds but only the bread will be distributed. Neither the Peace nor Blessings will be offered using direct touch. You may wish to learn a simple BSL form of the Peace.

All our churches will be endeavouring to provide hand gel near the door of churches for the use of all congregants, but you will be aware that this recommendation may not be achievable. We will be asking all those acting in a welcoming, chalice assistant, sacristan and server capacity to use hand gel and will be providing water for hand washing in the sanctuary.

Your clergy have considered upcoming events in our Calendar and are planning sensible contingencies subject to Government and Church of England advice.

Friends of Dorchester Abbey
Visit to Malvern
Monday 11 May 2020

The coach will leave from the Bridge End car park in Dorchester at 8.30am.

Please note the time is earlier than usual.

With a short comfort stop we should arrive in Malvern at about 11.00am.

Free time to explore and have lunch.

The attractive Victorian town of Great Malvern is the setting for Malvern Priory, described as a cathedral sized wonder of English Medieval architecture. It is renowned for its stained glass, including the huge East window dating from the 15th century. There are misericords with 14th and 15th century carvings and 15th century tiles in over 100 different designs.

The history of the Priory is very similar to that of Dorchester Abbey: Founded as a Priory in 1085, it was a monastery for over 450 years until in 1541 the church was bought for £20 by the local people to save it from destruction. The quire and chapels of Dorchester Abbey were bought by Richard Beaufrest for £140 and bequeathed to the parish in his will dated 13 July 1554. Both have been the parish church ever since.

The Friends of Malvern Priory visited Dorchester a few years ago and they invited the Dorchester Abbey Friends to visit Malvern so that they could return the hospitality.

The town has always attracted artists and crafts people, so some delightful works are on show and in shops and galleries. There are good independent shops and many places to enjoy lunch, including the book and coffee shop at the entrance to the priory churchyard and the cafe in Malvern Theatres in the Old Winter Gardens.

Guided tour of Malvern Priory at 3.15pm, followed by a cup of tea with the Friends of the Priory

The coach will leave Malvern at 5.00pm.

Traffic permitting, we should arrive back in Dorchester by 7.30pm.

Further information will be sent to participants in the week before the visit.

Cost: £30.00 per person for Friends of the Abbey, which includes the coach travel and guided tour of Malvern Priory.

£32.00 per person for non-Friends of the Abbey

Friends of Dorchester Abbey will receive this information and booking form in the Spring Newsletter.

If anyone else would like to come, please send a cheque for £32.00 per person, payable to ‘The Friends of Dorchester Abbey’.

Your name, address, phone number and email address to:

Liz Woolley will talk on: **Leisure and entertainment in Victorian and Edwardian Oxford**

In the mid nineteenth century changes in employment practices and rising real wages meant that ordinary working people found themselves, usually for the first time, with leisure time and with spare money to spend on recreation. All sorts of establishments arose to fulfil the new demand for entertainment, many of them aimed at keeping people out of the pub. This talk describes where and how Oxford citizens spent their free time, and how the middle classes attempted to impose ‘rational recreation’ on their working-class contemporaries.

St Birinus Primary School News

Just before February half term, we held our annual Art Week, all the classes had the opportunity to draw a self-portrait – these drawings have provided a fantastic display in our main corridor to represent the family of our school. Each class has also been engaged in some additional art activities looking at different artists – an exciting week of art.

World Book Day was on Thursday 5 March - the children had the opportunity to come dressed as a character from a book (or in non-uniform if they preferred). As always there was a great array of costumes and the fun of guessing what characters they had come as. This year, we also held a ‘Cook for Books’ cake sale at the end of the day to raise some money to buy some sets of class reading books.

Fox Class headed off to Narnia (in the Abbey), the children had helped prepare some of the exhibition, so it was great for them to take part in the workshop based around the book. They imagined themselves as evacuees and ventured through the wardrobe door. They all had a wonderful experience.

There has been much excitement in Squirrel Class with the arrival of eggs and an incubator. All the children in school had the opportunity to predict which egg would hatch first and we did not have to wait long as the chicks started to hatch two days later. I kept popping in to have a look to see how they were getting on and it was lovely to see the children’s joy.

As I write this, I am currently enjoying the delights of the Woodlands Centre with Owl class and Mrs Eacopo on their residential in the Brecon Beacons. Apart from being just a little damp, we have had a great time canoeing, climbing, caving and mountain walking. Of course the biggest challenge of the week was to make our own beds – I am smile about their antics even now. As always this is a great week to challenge and push ourselves past our comfort zones. I am proud of the whole group.

NARNIA: A Journey of Discovery 2020

The Return!!

A hugely successful engagement event for our local and wider community, schools and families

We first staged NARNIA in October-November 2016 when we were amazed by its popularity with both visitors and schools! Because of the wonderful memories that lived on with locals and families we decided a return to the magical world of CS Lewis’s The Lion, the Witch and the Wardrobe was called for! Once again we turned to our amazing local Dorchester community to help bring it to life and what a superb job they did too – from the fantastic audio-visual display by Tim Cook showing ‘All Aboard! The Sleigh Ride’ in the cold Narnia forest (with Adrian Brooks’s wolves lurking menacingly), to the amazingly scary White Witch and the fabulous homes of Mr Tumnus (with Puff Drew’s wonderful artwork making a welcome reappearance) and the Beavers staged by Gill Whitten, Mel Rust and Sally Bell. As well as the beautiful springtime forest of fir trees decorated with silk, knitted, felt and potted flowers created by our own talented Sandie Griffith and her skilled wonderful assistant Samantha Turner. Many others helped by providing items to help stage the various scenes or erecting some of the settings, such as Mark Townson and Jon Francis putting up the wintery trees provided by the Hurst Water Meadow Trust, complemented by Nick Forman’s cool blue lights – not to forget the knitters of the mice and Sue Ryder providing us with the coats! We also had help from local schools to create some of the decorations, as we went on outreach visits into three local schools at Marsh Baldon (the fantastic shimmering giant snowflakes), our own St. Birinus (Mr Tumnus’s highly inventive book covers) and the Abbey Woods Academy in Berinsfield whose Y5 and Y6 children had a great time constructing the amazing collaged head of Aslan! But we must also commend Maggie and her fantastic team of volunteers, who manned the welcome desk and the plethora of craft activities, and Steph’s team manning the pop-up tea room, all of whom provided a marvellous Dorchester welcome to everyone, something that visitors greatly appreciated and many commented upon!

An online review posted on Red Kite Days just after we opened highly praised the quality of the interactive exhibition which was ‘put together by someone with an obvious creative streak and eye for detail’, further adding to our success and bringing in even more families. We also featured on two weekend Radio Oxford programmes, including a visit from their Sunday morning ‘Find it or Forfeit’ team! Half term was constantly busy, with a regular stream of families of all ages and sizes flooding in to explore NARNIA, make some fun crafts and eat yummy cakes and other goodies!

It is clear that everyone who visited the exhibition had a fabulously happy time donning a big coat, collecting their ‘Identity Card’ and going through the wardrobe into the cold and wintery effect of the Cloister Gallery turned into the ‘Always Winter and Never Christmas’ of Narnia, followed by an exploration of all the other scenes too. Children particularly loved finding the letters in various locations and decoding the secret message, ‘Aslan is alive’, as well as trying to count how many mice and robins were hidden throughout the exhibition.

We had the pleasure of welcoming around 2,000 visitors to the exhibition, as well as 14 school and group visits booked into the NARNIA exhibition, with some schools bringing 2 or 3 groups on different days. Schools enjoyed the character led guided role play tours of the exhibition indulging the White Witch’s Turkish Delight and Mrs. Beaver’s spiced biscuits! The tours highlighted key themes of the story followed by creative workshops where they made their own wardrobes and wrote about their Narnia experiences. These proved to be inspirational to both the pupils and the teachers with comments such as: ‘I loved the dressing up and eating the Turkish Delight!’ and ‘I had great fun and loved Mr and Mrs Beaver’s house the most.’ ‘Knowing how much work it takes to make something visually lovely I can just about imagine how much effort went into making the spaces so absorbing and realistic. The reflections at each ‘post’ were also really thoughtful and I loved the way you’d thought about the depth of different aspects of Narnia which support the bigger themes of death and resurrection.’ Furthermore, our visitors book was filled with a multitude of grateful comments from parents, grandparents and children stating what a wonderful time they had experiencing the
The magical world of NARNIA: ‘I truly enjoyed the whole exhibition. It took me back so vividly. Thank you.’ ‘Everything was awesome. The Aslan model was special.’ ‘Excellent! We’ve been twice this week already! Kids love the Narnia exhibition.’

To further complement this exhibition in early February we had a lovely evening of NARNIA themed readings hosted by the Rector with favourite extracts taken from a wide range of the Chronicles series, including readings from local authors Francis Spurford and Colin Durez. A lovely intimate evening set within the heart of the exhibition and enjoyed by one and all who attended.

As well as the immense community engagement that enabled the staging of this exhibition, this event could not have been staged without the generous financial assistance provided by Christ Church College, St. John’s College, St Michael’s and All Saints and the support of the diocese. A huge thank you to everyone who contributed in whatever way to this wonderful event, it would not have been possible or been the success it has been without your very generous support!!

The Hempcroft Allotment Association Committee met in early March and discussed, amongst other things, the rather untidy state of the allotments following the storms of February. A number of sheds have been sufficiently damaged that the owners are probably considering scrapping them, and there has been a mass movement of compost bins and lids from the west of the site to the east of the site. We plan to have an allotment working party on the morning of Saturday 18 April starting at 10.00am. The more people that turn up then the shorter the time spent in getting the overall site into a ‘spring cleaned’ state.

We plan to have a skip located on the site so that as much debris/rubbish as possible can be disposed off in one major clean up. Please come along and help, and anyone who does not yet have an allotment but is thinking about having one is also most welcome. This working party for the allotments may be impacted by Coronavirus advice, and notices will be placed on the allotments if this is the case.

Earth Trust have announced the appointment of Beard Construction to complete their new sustainable education space. Beard will be working with Earth Trust to create an environmentally focused education centre, Earth Lab, and to convert an existing barn into an Innovation Hub for sustainable businesses. Work will begin in March and once completed will enable Earth Trust to further deliver its charitable objectives to involve people of all ages with the environment and climate change through access to natural green spaces.

Earth Lab will provide flexible and accessible classroom space for the delivery of STEM and art-based environmental education sessions, bringing people together to discover what they can do to care for the natural environment. Earth Lab will double Earth Trust’s capacity to engage people and provide opportunities for bringing environmental education to life throughout the curriculum. The Innovation Hub will offer multi-use business units for like-minded sustainability conscious businesses, as well as an inspiring welcome for visitors.

Construction of the Earth Lab and the Innovation Hub was due to commence in March.

In the third of our series looking at the pubs and hotels of Dorchester this month we take a look at The George, another that has changed management within the last year. We all know The George, dominating the High Street with its black and white building which dates from 1495, and the bright yellow, eye-catching and much photographed carriage out front. There have been times in recent years when the carriage has looked a little jaundiced and sad, but now it is sparkling clean, with plans to improve it further with the restoration of its lights.

The people who have these plans are Soul and Jonathan, who took over The George last September. I met with Soul to find out more about them and about their plans.

Before coming to The George Soul and Jonathan had been working in holiday parks for some years. Their locations sound a veritable encyclopaedia of English coastal resorts, including Camber Sands, Isle of Sheppey, Isle of Wight and Skipsea, Yorkshire. That might sound a bit of a leap to a country hotel but their role had been to run accommodation, restaurants and bars, which sounds familiar, albeit on a different scale. Indeed, Soul told me that none of the restaurants he managed had fewer than 300 covers and the last one had 600. And it was to get away from that, from the size and routine that size inevitably brings, and to get a better style of life that they have come to The George. Jonathan had worked in holiday parks for all of his working life, but for Soul this is a return to an earlier career in which he re-opened closed pubs and made them viable again. A career that hit the buffers about seven years ago when the rate of closures was fast that no-one was even trying to reopen them.

So, last year, seeking a change of lifestyle, they looked around and found an opportunity with The George, an opportunity that combined their skills in restaurants, accommodation and pubs. Dominion Hospitality had acquired the Chapman Group, including its Relax Innz brand, in 2016 and were looking for a new team to take over the running of The George. The pair applied and arrived here in mid-September. They are neither managers nor tenants but owners of the business, whilst Dominion continues to own the property and to market the business via its website and elsewhere. They may have changed their lifestyle to a village environment, but, says Soul, the working day is as hectic as ever. And in their time off, living in Farrier’s Cottage next door, they have found just the lifestyle they were hoping for.

Soul looks after the pub and restaurant sides of the business and Jonathan the hotel, although of course there is a lot of crossover in actual day to day running. The hotel has 24 rooms, numbered 1 to 25 because there is no room number 13! Nine of these are in the main building with others in the barn and stables. As

Dorchester News      April 2020
with The White Hart, most of their weekday hotel business is taken up by people who work in the area but do not live here. Soul thinks that the profile of their hotel customers though is different, with fewer from Culham and the Science Park and more tradespeople. Their ambition here is to increase the leisure side of the business. With that in mind they are making an effort to be dog-friendly and using Groupon offers to encourage trade.

In the restaurant the head chef, Kirk, arrived at The George shortly before Jonathan and Soul, and impressed them with all his ideas for the menu. The vision is for English traditional food that is well executed, and which uses as much locally sourced meat and vegetables as possible.

With the bar, Soul has discretion over which guest beers they offer, but as they share the ownership of this part of the business with Dominion, there are restrictions on which other ales and lagers they carry.

All of this is run by a staff of seven, plus Jonathan and Soul, with Sarah the invaluable head housekeeper.

What of the future? They recognise that The George needs a lot of TLC, and they have put much effort into getting it up to scratch again. They know this is going to be a long haul, and for the time being they are not rushing things, but there will be fresh coats of paint and hanging baskets to make the place smarter and brighter. Are they succeeding? Since they took over their score on TripAdvisor has risen to 4.6, from an average of 3.4 over the previous 13 years, with three-quarters of the reviewers giving them five out of five. So they are certainly getting there.

Part of their five year plan, though, is to put The George at the heart of the village. There are already some plans to do that with a Sunday night quiz in support of Footsteps already up and running, there is an agreement with the Oxford and District Aunt Sally Association to install two pitches for league games this summer, and a thought that they might hold a music event at some point in the summer.

And next year, in September 2021, Soul and Jonathan are planning to marry. Expect a marquee and a big event!

A few years ago this series of looking at the pubs and hostelries of Dorchester might have continued for months. Now though, with this, the third, it is concluded. Will these three continue? Unfortunately, as I write, the Coronavirus epidemic is ramping up and that may well depress business for all of them over the coming months. Let us hope that they can all keep their plans on track and emerge as strong as ever, with a little help by being used by the residents of Dorchester.
The Oxfordshire Drama Network (ODN) each year attends and rates the pantomimes put on by amateur dramatic groups across Oxfordshire. In March, following the end of the pantomime season they then make awards - the Oscars of the Oxfordshire pantos.

It is a long wait for DADS, whose Treasure Island was performed back in November, but well worth while because this year, because Treasure Island achieved two awards, one for Best Chorus and the other for Best Front of House. Rosemary Mills and Maxine Briscoe were also short-listed for individual awards. Well done. To all concerned ODN also provided a review, which is reproduced here.

Dorchester Amateur Dramatic Society 20th - 23rd November 2019

Treasure Island by Ben Crocker

Given the constraints of the stage and hall this pantomime made excellent use of all the available space. The ingenious projection of the scene onto the back wall of the stage told us all we needed to know regarding the location of the action.

Ian Brace, as Mrs Hawkins, the dame, anchored the show brilliantly, taking us from scene to scene. His manerisms and affectations were just right. I would like to have seen him in different outfits as the action progressed. That is just a minor point, as his wedding dress was quite spectacular. Mrs Hawkins was ably supported by other principals including her son, Jim, (Ross Wilkin) and Squire Trelawney (Mark Williams), whose passion for ‘spotted dick’ gets him into all sorts of trouble, particularly with the malevolent Long John Silver (Mike Lord) who managed to manoeuvre ably with his wooden leg.

Romance between Jim Hawkins and Jenny Trelawney (Rachel Winslet Morris) was a charming moment and well cast. Apart from sea shanties and the audience song, theirs was the only song and dance in the show, which was a shame as there could have been opportunity for more songs, particularly as there was an excellent pianist present.

The supporting parts of Seadog Sam (Kate Phillips) and Seaweed Willy (Amelie White) really excelled with their cavortings with the kiss of death ‘black spot’, eventually finishing off Billy Bones (Maxine Briscoe), whose dying scene was a sight to behold!

It was a touch of genius to mix the Women’s Institute with the pirate ship expedition to Treasure Island. The troupe of Women’s Institute members, were enough to strike fear into the hearts of anyone, including the pirates, being led by the indomitable Mrs Henderson (Rosemary Mills) who was a real tour-de-force. The pirates in drag, meet up with the ladies of the Women’s Institute in a bake-off style contest. This involved messy ‘crazy foam’ and the slapstick scene could have been enhanced to make it more worthwhile. The hazardous voyage aboard the Hispaniola, the eventual landing and locating the treasure on the island was handled well, along with removing it from the haunted cave.

This was a well performed show, which was enjoyed by the enthusiastic audience.

Congratulations to all.

The village website www.dorchesteronthames.co.uk is wholly funded by the Parish Council. It is professionally designed with hosting and security managed by experts, but all the content is produced and edited by local volunteers.

This website contains easy access to information about the Village, its history, art and photography, events, churches, education, Neighbourhood Watch, clubs and societies, businesses, accommodation and eating out, bus routes and timetables, sports and leisure, with downloadable guides for walks and places of interest etc plus a section about the Parish Council with minutes, reports and other documents – an essential aid to local accountability and democracy.

It is free-to-view every hour of every day, and, with several sections being frequently updated, it is worthy of a regular visit. It can be used to access the ‘Dorchester Bulletin’ - a digest of village news and information about forthcoming events which is delivered on request by weekly email. It is also a route for joining Dorchester’s social media channels such as Twitter, Facebook and Instagram with the Village Facebook group providing opportunities for communication with friends and neighbours. This magazine - ‘Dorchester News’ - can be read on-line along with an archive of previous editions.

But it is not all one-way traffic. Dan Duke, our Village Webmaster, welcomes the input of local readers. He can be reached via website@dorchesteronthames.co.uk and should be contacted by any resident, voluntary group or local business with news and/or information including photographs as well as text.

Dorchester emergency response plan

On many of our minds at the moment will be the Coronavirus and how it might develop. And I’m conscious that by the time this article reaches your doormat things will have moved on further. Of course the first place we go to for help are to the Public Health England information site which is clear and up to date and also to the NHS helplines if needed. And that is true of most emergencies where government agencies tend to take the lead in providing both information and practical responses to whatever is happening.

Given this is the hot topic of the next few weeks and possible months, it prompted me, when taken together with the big storms we have had to tell you more about the role the parish council has to play in emergencies when they arise.

Of course, as I’ve said, the central government services are key to any emergency, the fire and rescue services, the Environment Agency, power companies, the NHS etc. But like all parish councils we are required to have an up to date emergency plan to make sure we, as a community, can organise to do the simple things we can all do to support ourselves alongside those bodies which might be stretched in supporting other communities. Our role, of course, is never to try and take over their role but to encourage neighbours to help one another, particularly our most vulnerable residents and to provide a central contact point for those emergency services.

And our plan is not for the inconveniences of life but for real emergencies. So, if we have serious flooding or communications are cut off for a long period of time by bad weather or we have a long term loss of power (and therefore possibly heating) then we can mobilise our emergency plan to coordinate with the relevant agencies, to encourage good neighbours to do what good neighbours do and even to make sure the village hall or Abbey is available as a place to keep people warm and fed if they can’t do so in their own homes.

I’m pleased to say we have just updated our plan as a council and are confident it can do what is necessary if required. All the parish councillors know the emergency plan and how to use it so you can contact any of them if the need arises. Let’s hope we don’t need it.

This can all sound extreme of course and we hope never to have to mobilise our local parish emergency plan but it is good for residents to know it is there if it is needed. And, of course, we are all those good neighbours we will rely on and I know Dorchester residents will rise to the challenge if we need to act.

Newcomers event

On a lighter note it was great to see so many villagers, new and old, join us at the newcomers event in February which was extended this year to welcome all residents to see or remind ourselves of what Dorchester has to offer. I’m pleased to say a good number of new residents came along together with those of longer residency. Alongside a drink and a nibble and a chance to meet new people or catch up with old friends we saw a lot of interest in the wide range of activities Dorchester has to offer. And I’m pleased to say the feedback from both residents and, importantly, our stallholders was very positive, with people signing up to help or join in the various groups. Thanks are due to all those who help to organise the event, particularly the stallholders.

Annual Parish Meeting

Our annual Parish Meeting is coming up on the 8 April. It is your chance to come along and discuss what issues are affecting Dorchester and to challenge the parish councillors on what they have done and intend to do. Please do come along and take part.

From the Parish Council

Coronavirus/covid-19 – it looks like the virus will spread more widely and more of us will be self isolating over the next few weeks and months. Please do look out for vulnerable neighbours, give them a call, offer to do shopping to leave on their doorstep. We know Dorchester does this type of thing anyway but please make an extra effort in the days ahead.

Parish Council Notices

Monthly Meetings

The April Meeting will take place in the Village Hall following the Annual Parish Meeting on Wednesday 8 April commencing at 7.30pm The May Meeting will take place on Wednesday 13 May commencing at 7.30 p.m. The Agenda will be posted on Village Noticeboards and on the Parish Council section of the Village website – www.dorchesteronthames.co.uk – three days in advance of each meeting.

All Parish Council meetings are open to the public. A resident who wishes to raise any matter of concern is welcome to do so at the start of the meeting.

For information about the Parish Council go to https://www.dorchester-on-thames.co.uk/parish-council/

This includes the minutes of all Parish Council Meetings and financial information such as monthly bank balances and payments as well as a record of all planning matters upon which the Parish Council has been consulted and reports from our County and District Councillors.
Every few years the Parish Council hosts an Information Evening in the Village Hall. This is primarily for the benefit of people who have recently moved to the Village, but all residents are welcome to attend.

The event gives Village organisations a chance to talk about and display their activities and villagers can collect the contact details of groups that they may wish to join and support.

Research shows that around 200 new residents have moved to the village in just under four years and so it is not surprising that the evening was very well supported. For those who were unable to attend, however, we list below the names and email addresses of the organisations that were represented.

It has been another dramatic month for the emerging local plan. The Secretary of State for Housing Communities and Local Government, Robert Jenrick MP, issued another legal direction, this time ordering the council to progress the plan through examination, to be adopted by December this year. This followed Oxfordshire County Council voting to take over the plan, should it be asked to do so. The new direction means the plan stays with SODC, but under strict conditions and with the threat of further intervention if deadlines are not met. London’s local plan has just met similar intervention, so we are not alone on this front. I’m not certain this is what was meant by localism!

At SODC we passed a motion asking for resources to explore all opportunities to address the council’s concerns about the plan, particularly on housing to meet local needs, enhanced environmental policies and the council’s declared climate emergency. This will include suggesting alterations as the current plan goes to inspection, as well as via schemes such as the Oxfordshire Plan 2050 and the Oxford-Cambridge Arc which will likely have a major influence on future plans for the area.

I attended a conference on the ‘Arc’ in London, chaired by John Howell MP. While there is still a lack of clarity and leadership on the project, it does provide an opportunity, since the government appears very committed to innovation and leadership on environmental standards and transportation, such as East-West Rail. There were more announcements about the Arc in the recent budget, including that the Expressway is ‘paused’ – not cancelled as some have claimed.

We had a great turnout for our exhibition about the new SODC office building, and lots of useful feedback on its proposed design and features. There’s a project website at https://southoxfordshirehq.wordpress.com/ which will be updated as the project rolls out.

Some people have questioned the need to build a new Council office at all, so it’s worth pointing out that SODC currently spends several hundreds of thousands of pounds each year renting, heating, lighting and maintaining 135 Eastern Avenue, Milton Park. Any homeowner will appreciate that it’s more financially sensible to own your own home and to invest in making it as cheap to run as possible. We’re very confident that this is a prudent investment in the future financial stability of the Council.

At the time of writing, we have cancelled most upcoming activities and meetings due to the Coronavirus outbreak, with staff working from home and many council departments focused on keeping essential services running in challenging circumstances. Look after yourselves out there, and your neighbours too.

The Cinnamon Trust in Dorchester on Thames needs more dog walking volunteers.

The Cinnamon Trust is the national charity whose wonderful volunteers help people over retirement age and those in the latter stages of a terminal illness by offering all kinds of pet care. We are looking for some dog walking volunteers to help a resident of the Dorchester on Thames area and their adorable dog who would love to go for a good walk.

Many elderly or ill pet owners worry about their ability to provide proper care for their animals and start looking to rehome what may be their only companion. This is where our national network of dedicated volunteers step in to offer support enabling them to stay together. We’ll walk the dog for a housebound owner, we’ll foster pets when owners need hospital care, and even clean out the bird cage or litter trays.

If you are interested in becoming a volunteer, you can download our volunteer registration form from our web site www.cinnamon.org.uk or email us at volunteer@cinnamon.org. If you would like to have a more in-depth chat about becoming a volunteer, please call us during office hours (Monday-Friday 9am-5pm) on 01736 758701, or you can check out our website www.cinnamon.org.uk for more details.

From your District Councillor...

Dorchester News May 2020
Oxfordshire offers new ways to repair and reuse small electrical items

Oxfordshire County Council has launched a new trial service to residents with a way to ensure their unwanted small electrical items can be repaired and reused, reducing what the county would otherwise send to waste. Funded by Valpak, the council is trialling drop off points for unwanted small electrical items that are still in good condition at a number of participating Oxfordshire libraries. The trial is to run at Banbury, Bicester, Kidlington, Witney, Carterton, Oxfordshire County Library, Headington, Cowley, Littlemore & Blackbird Leys libraries.

Becoming a dementia friendly council

Oxfordshire County Council is implementing plans to become a dementia-friendly organisation. The aim is to develop further awareness, understanding and support for vulnerable residents and staff who are impacted by the health condition. The number of people with dementia in the UK is expected to rise to 1 million by 2021. About two in every 100 people aged between 65 to 69 have dementia, and this rises to one in five for those aged 85 to 89. Oxfordshire has an ageing population and the number of residents aged 85 and over is forecast to increase.

Oxfordshire County Council aims to help people who live with dementia to stay independent and live well in their communities for as long as possible. The council’s plans are part of a wider Alzheimer’s Society initiative that aims to create a network of four million Dementia Friends across the country. As the first step to becoming more dementia friendly, the Alzheimer’s Society held an event for staff and councillors at County Hall on Tuesday 25 February to complete a ‘dementia friends’ training session to improve awareness and learn about dementia friendly communities in Oxfordshire.

The next step in the plan is to help to develop dementia friendly communities across Oxfordshire to help to reduce isolation and support people to be aware of and understand dementia. This will enable people living with dementia to live well within their local communities for as long as they are able.

SODC Local Plan causes heated debate at County Hall

On Tuesday February 11 the County Council held a debate arising from the Secretary of State’s decision to put a Holding Direction on the District Council preventing them from withdrawing their Local Plan. Since October, discussions between SODC, the Ministry of Housing, Communities and Local Government have been taking place to try and find a way to allow the process of examining the Plan to continue. Since this has not been possible, at the moment of writing, the Holding Direction remains in place. The SoS has written saying he is considering asking the County Council to prepare the SODC Local Plan which gave rise to the debate on 11 February. After a very heated discussion that included many speakers, the County Councillors voted that if they were to receive an invitation from the SoS they would accept it, by 39 votes in favour, 16 against with four abstentions. I abstained. I would far prefer that the SODC ruling group come together to find an acceptable way to take the plan before an Inspector. There is a motion coming to the District Council to that effect. I sincerely hope the District Councillors will decide that this route is far preferable to either the SoS taking control and running it from Westminster, or the County Council taking it forward against their wishes.

A busy month dealing with storms and flooding

Our Emergency Planning, Fire and Rescue and Highways teams have had a busy February dealing with the local impacts of the storms and flooding that have made national headlines.

Highways teams dealt with more than 150 incidents as a result of Storm Ciara and more than 100 stemming from Storm Dennis. The Storm Ciara incidents largely related to high winds (fallen trees blocking roads, debris) whereas Storm Dennis was also about flooding with some roads closing and surface water causing issues.

Berinsfield Youth Centre successful Award from the Youth Opportunities Fund

The Berinsfield youth club known as the Berry Youth Centre is one of 24 organisations to have been successful in receiving a share of Oxfordshire County Council’s new £1m Youth Opportunity Fund. The Centre has been awarded £33,500 to develop their Beat the Streets project. The fund is aimed at groups that can provide activities and opportunities for young people between the ages of 11-18, and 11-25 with special educational needs.

Citizens Advice campaigns hit the target in 2019

People often see Citizens Advice as a 'quick fix' centre, rather like the garage that changes your car tyres – you pop into our office or ring Adviceline or you check the facts on our comprehensive website. But there's more to Citizens Advice than quick fixes.

'Research and Campaigns' (R and C) is a part of Citizens Advice with a different task, a long-term one that demands much effort and patience. It has the job of collecting evidence on emerging social problems and then directly petitioning the people or organizations - including ministers, local MPs and government departments - that have the power to solve or alleviate them.

These campaigns have been remarkably successful, often making use of the media to put their point across. In 2019 R and C contributed to the surge of action that led to the scrapping of tenant fees. It also submitted a 'super-complaint' on the Loyalty Penalty, whereby long-standing customers in some services (e.g. insurance) often end up paying more than new customers for the same service. Noting the rise in demand for food vouchers, R and C highlighted the issue of pressure on household budgets because of slow payment schedules for Universal Credit. R and C also issues occasional publications such as 'Putting the house in order', which described failings in the housing market.

Would you like to become one of these dedicated and hard-working volunteers, or work for us in a different role? Visit www.caox.org for further details.

Accommodation Wanted for EMF

Are you able to help a young person with a burning desire to work in the field of music, by hosting them for a few nights during the Fourteenth English Music Festival? The Festival is returning to Dorchester-on-Thames from 22-25 May 2020, and we have two interns who desperately wish to be involved in the Festival by helping on the ground. However, we have no-one to host them this year, as all our available hosts are already full.

Susie and James are both just out of university and want to go into the music world, hence their desire to gain experience at the EMF. We are seeking people to host them from the evening of Friday 22 May to the morning of Tuesday 26 May. We can deal with transport - it's just a bed for those nights that we need, preferably with breakfasts as well if possible! If you are able to help I'd be grateful if you could email me at em.marshall-luck@englishmusicfestival.org.uk, to let me know; your support would be so hugely appreciated.
When constituents approach me with individual issues and concerns I always try to get information for them, and when appropriate I raise things directly with Ministers. With the turmoil of last year and ongoing uncertainty it seemed to become increasingly difficult to get responses. Now that the long-anticipated Government reshuffle has been done, and Ministers either confirmed in their posts or new appointments it seemed we were in for a more stable period with greater opportunity to discuss issues with Ministers. Then Coronavirus hit. It is in the midst of concern over the virus in early March that I write.

There is a fine balance in deciding what best to do in these situations and I am pleased that there has been cross-party support for the ways in which the Government has been handling the issue. By the time my newsletter is published the situation will have changed again. I share the concern of many at fake news which adds to unnecessary fear. The panic buying by some has also triggered a concerned response. I can understand that people worry about the virus but, whilst those who can afford to fill their cupboards do so, they add to the vulnerability of those who are unable to shop other than little and often. This is a time for testing our shared compassion.

It was good to hear the Chancellor open his Budget Statement addressing the issue of Coronavirus bringing forward measures to help with economic security and stability. Readers will be familiar with the key funding announcements, so I will not repeat them. Having listened to some specific concerns I was particularly pleased that the Chancellor offered financial support to encourage people to take the necessary time off work should they be advised to stay at home. This is welcome as is the support for small businesses to enable them to pay people for time off due to the virus without having to meet the direct cost themselves. This is especially so in a constituency where small business is the heart of our economy. I do appreciate that there are other issues that our local businesses, and indeed all of us will have to face, but I am sure that working together and accepting some short-term limitations on our usual lifestyle will help us get through this difficult time.

On a more positive note, and for the longer-term, I believe that the overall budget is one which will bring benefit across our national life and I look forward to seeing how the budget announcements are developed in different government departments over the coming months. Within the constituency I have been following up with specific groups to find out how new funding announcements are helping and to identify ongoing issues that may need government attention. I welcome hearing from businesses, schools, and others who have particular thoughts on budget matters. However, I am not seeking to revisit Party political campaign arguments! It might also be worth mentioning here that, along with many colleagues, I do not sign Early Day Motions (EDMs). There is a note on my website explaining more about EDMs.

More generally, and as always, I am interested to know the views of constituents on the various topics as they come up for debate. Whether on a topic before the House or something else, if you have an issue that you would like to raise with me please do email me at john.howell.mp@parliament.uk or write to me at the House of Commons (House of Commons, London, SW1A 0AA) or my constituency office (PO Box 84, Watlington, OX49 5XD) to share your views.

If you would like to receive my periodic electronic newsletters, and briefings on specific issues, please visit my website www.johnhowell.org.uk and subscribe at the link on the home page. You will also find more about my work on my website which is regularly updated.

It's all happening at Wallingford Museum

Wallingford Museum has many family-friendly events during the year, starting in the Easter holidays with:

Can you Face it?

With a brief introduction to forensic science and plenty of imagination you too can make your own facial reconstruction, complete with eyes, eyebrows, nose, lips, hair and ears.

We have the ‘skulls’, play dough, and know how. We just need your family to come and share the fun. Once your reconstruction is complete, take your own snapshot as a souvenir.

Children are Free but will need to be accompanied by a responsible adult please.

Any adults accompanying children will be requested to pay an admission charge to the museum of £5, for an annual season ticket. The workshop is free to children and season ticket holders. There are only 16 places per workshop, adults need to book as well as children.

Two workshops each day on 7, 9, 14, 16 April.

Advance booking and full details on the Wallingford Museum website. Book early - to avoid disappointment!

Plus, there are two new special exhibitions now open:-

‘Plague, Pus and Pills: the history of Wallingford’s hospitals’ traces the fascinating history of Wallingford’s hospitals for the sick in the town from medieval times to the present day. Its portrayal of the challenges of dealing with smallpox, scarlet fever and other such outbreaks, as well as the more common illness and disabilities of the time.

‘The Willis family of Wallingford: making a living’ spotlights the careers of Charles (1814-1897) a scientist who depicted local scenes, and his brother William (1814-1883) also an artist but whose main business was engraving and inventing ways to fix early photographs.

The Thames At War

Bill King’s talk will show how the River Thames has always played an important strategic role throughout British history. From the time of the Romans, Anglo-Saxons and Normans, through the English Civil Wars and into modern times the River has proved to be both a key transport route and major obstacle to the movement of armies across southern England.

Following a brief outline of its historic role the talk explains why the river was such an important strategic feature in World War Two and its role in defence of London and Ministry along the Thames was adapted to military use during the hour of need and the Thames Valley became a centre for boat building, aircraft production and Special forces airfields.

Bill King has conducted extensive research into the Thames and World War with particular reference to local police and Special forces and in his talk he will have conducted extensive research into the Thames and World War with particular reference to local police and Special forces and in his talk he will have acted as historical adviser and appeared in several television programmes.

This talk to The Wallingford Historical and Archaeological Society (TWHAS) will be held on Wednesday 8 April, 7.45 for 8.00pm, at St Mary’s Church, Wallingford.

Visitors (£4) are most welcome.
